

Product Data Sheet

Argosy 4K BNC Termination Panels

Description

1U 1X16 4K 2160P BNC	BS-00-3416
1U 1X20 4K 2160P BNC	BS-00-3420
1U 1X24 4K 2160P BNC	BS-00-3424
2U 1X20 4K 2160P BNC	BS-00-3520

The Argosy 4K UHD BNC termination panels are design for use in 2160p full HD video circuits.

These panels offer exceptional electrical performance at 12GHz with better than -15.7dB return loss, falling to -26.0dB at 6GHz. These panels are manufactured from extruded Aluminium which delivers a light weight yet extremely strong panel and are fitted with a snap fit Ident strip. They also feature a large OD tie bar with robust end braces, which make landing cables easier and addresses issues associated with smaller bars.

Product Data

Impedance	75 Ohm
Max. Frequency	12GHz
Dielectric Withstanding	1500 V RMS Max.
Working Voltage	500V RMS Max
Temp. Range	-55 to +85 °C
RoHS	Yes
Dielectric	Delrin
Body	Brass, Nickel Plate
Contact	Brass, Gold Plate
Washer	Steel, Nickel Plate
Locknut	Brass, Nickel Plate
Durability	500 Cycles per connector
