## Lindy DisplayPort to VGA Active Converter

### Description

The Lindy DisplayPort 1.2 to VGA Converter is ideal for connecting a DisplayPort equipped source such as a PC or laptop to a VGA monitor. It supports high definition video resolutions up to 1920x1080@60Hz. Active conversion ensures compatibility with various graphics cards including AMD Eyefinity, NVIDIA surround and Intel Collage.

The converter can also be used to add another display to extend the available desktop workspace and increase productivity. Internal copper shielding provides enhanced reliability and compatibility. The converter is also ideally suited for travelling due to its compact, lightweight form factor and convenient Plug & Play installation.
