

Product Data Sheet

Lindy HDMI CEC Less Adapter, Female to Male

Description

Blocks HDMI CEC signals when there is an incompatibility

Use this adapter when you have problems with incompatibilities between IR remote controls; such problems tend to occur now and then in installations with HDMI splitters and -switches.

The adapter does not pass on the CEC signal further. In principle, you only need to use this adapter upstream of the incompatible devices. However, several adapters installed upstream of a number of devices can be used.

Product	SKU
LINDY HDMI CEC LESS ADAPTER, FEMALE TO MALE	LIN-41232

Key Benefits

- Correct CEC connection issues
- No connection on Pin 13 stops issues between your HDMI devices and switches
- High quality HDMI adapter with gold plated connectors and contacts
- HDMI Type A Female to Male
- HDCP compliant
- 10 year warranty

Product Data Sheet

Lindy HDMI CEC Less Adapter, Female to Male

Technical Specification

Lindy HDMI CEC Less Adapter, Female to Male Specification

Specifications	Net Weight: 0.008kg (0.02lb)
AV Interface: HDMI	Operating Temperature: 0°C - 60°C (32°F - 140°F)
Interface Standard: HDMI 2.0	Storage Temperature: -10°C - 70°C (14°F - 158°F)
Supported Bandwidth: 18Gbps	Humidity: 0 - 80% RH (non-condensing)
Maximum Resolution: 3840x2160@60Hz 4:4:4 8Bit	Power Requirements: -
Audio EDID: LPCM 2-channel, 16/20/24 bit depths at 32/44/48/88/96/176/192 kHz	Colour: Black
HDCP Support: 2.2	Miscellaneous
Special Features: CEC Pin Disconnected	Packaging Type: Polybag
Connectors	Packaging Dimensions: 136x138mm (5.35x5.43in)
Input: HDMI Type A Female	Gross Weight: 0.013kg (0.03lb)
Output: HDMI Type A Male	Warranty (Years): 2
Power: Via HDMI Source Interface	Product Compliance: CE, FCC, RoHS & REACH, UKCA
Physical Properties	Package Contents
Dimensions (approx.) WxDxH: 20 x 40 x 10mm (0.78 x 1.57 x 0.39 in)	HDMI NON-CEC Adapter Type A M/F
Housing Material: PVC	Lindy Manual
