Product Data Sheet

Argosy 35U Rack Vented Door with Swing Handle Black

Key Benefits

- **Compatibility:** These side panels are designed to fit a wide range of Image equipment racks, making them suitable for various rack configurations with heights from 35U to 47U and 600mm or 800mm width.
- **Secure Enclosure:** Lockable, they help create a secure enclosure around your rack, providing protection for your valuable audio, video, or IT equipment.
- **Enhanced Aesthetics:** The doors contribute to a cleaner and more professional appearance for your equipment setup.
- **Improved Airflow Management:** When used in conjunction with proper ventilation and cooling solutions, these doors can help with efficient airflow management, reducing the risk of overheating and equipment malfunction.
- **Easy Installation:** Argosy's Image Equipment Rack doors are designed for easy installation.
- **Durable Construction:** They are constructed with durable materials to ensure long-lasting performance and protection for your equipment.
