

Product Data Sheet

Barnfind BTSFP-LX-SM-3G10 SDIHD-SDI and 3G-SDI

Description

SFP modules have become a standard in networking due to their flexibility, scalability, and ease of use. They play a crucial role in building and expanding modern data and communication networks.

The range of Barnfind SFP modules can be inserted into other products like BTF1-02 and BarnMini-22. This offering of modules is known to work within the requirements set by the industries.

Product	SKU
BARNFIND BTSFP-LX-SM-3G10 SDIHD-SDI AND 3G-SDI	RE-99-0023

Technical Specification

Barnfind BTSFP-LX-SM-3G10 Specification

Max. Data Rate: 3Gbps

Wavelength (nm): 1310nm

Distance: 10km

Compatible: SDI, HD-SDI and 3G-SDI
