

Product Data Sheet

Barnfind BTSFP-LX-MM-1G Ethernet

Description

SFP modules have become a standard in networking due to their flexibility, scalability, and ease of use. They play a crucial role in building and expanding modern data and communication networks.

The range of Barnfind SFP modules can be inserted into other products like BTF1-02 and BarnMini-22. This offering of modules is known to work within the requirements set by the industries.

Product	SKU
BARNFIND BTSFP-LX-MM-1G ETHERNET	RE-99-0027

Technical Specification

Barnfind BTSFP-LX-MM-1G Specification

Max. Data Rate: 1Gbps

Wavelength (nm): 1310nm

Distance: 2km

Compatible: 1G Ethernet, MADI
