

Product Data Sheet

Barnfind BTSFP-MM-2G550 HD-SDI

Description

SFP modules have become a standard in networking due to their flexibility, scalability, and ease of use. They play a crucial role in building and expanding modern data and communication networks.

The range of Barnfind SFP modules can be inserted into other products like BTF1-02 and BarnMini-22. This offering of modules is known to work within the requirements set by the industries.

Product	SKU
BARNFIND BTSFP-MM-2G550 HD-SDI	RE-00-0028

Technical Specification

Barnfind BTSFP-MM-2G550 Specification

Max. Data Rate: 2Gbps

Wavelength (nm): 850nm

Distance: 300m

Compatible: HD-SDI
